

Rudra **"Mithya"**

Visit "[Mithya](#)" on MotoLyrics.com

All subtle, gross and casual realities have no
independent existence
Bound by Time, space and the laws of causation.
No more eternal pleasures in heaven or eternal
damnation
Even the God tha rests in Heaven has an end! Mithya!!!

That which depends on another for its existence is an
illusion
Creation is like the mirage in the desert sky
A God within space is subject to negation
With a mere word I destroy your God! Mithya!!!

"Of the unreal there is no being
