Lyrics: Hertrich

Under love's heavy burden do I sink  
Can I go forward when my heart is here ?  
I cannot be here, here and there,  
there and here for You and I  
are past our dancing days  
I like the lightning  
which does cease to be  
ere one can say "I see"  
Beauty too rich for use,  
for earth too dear  
Did my heart love 'till now ?  
I forswear !  
Regions near me seemed all alone  
My mutual cry she never heard again  
Now sadness is beloved, and love we gain  
Alike bewitched by charm of looks  
Night sable Goddess,  
from Your ebon throne  
Every eye is fixed on You alone  
I thank You, Moon, for showing me the way  
Trip away, make me stay, meet me all  
by break of day  
You made mine eyes and merry tears  
O grim-looking night, the way you fear !  
Full many flowers born to blush unseen  
And waste their sweetness now,  
share their last gleam  
Trip away, make me stay,  
meet me all by break of day !  
Heaven/hell, shadow-dancer  
heated blood makes holy hands unclean  
Mine eyes look sad,  
the grim-looking night away  
stare around the sphere  
to blush unseen - Your tears  
When You turn away  
Leave me out of the end  
Turn Your insane out  
Leave me, if You will  
Away from light steals forth my soul

I want give cure as know  
But love's a smoke with fume of sighs  
So swallow down and rise, autumn rise !
