We are the tyrants within  
This is my burden to carry

Poison in the veins of gracious earth  
Creeping mean disease, a bleeding flow

This world is a dirty pool and we sink  
Ist es das was Ihr wollt oder nicht versteht  
So kanns nicht enden  
Wir sind Verderben  
And this is my burden

Loud horns trumpet the end  
Sounds of perverted disharmony  
We are the tyrants within  
This is my burden to carry

Roaring voids of night  
Season of unreason  
Bloodstained, angels unshrouded  
My burden to carry  
Schandwerk, schreiende Nacht  
Blutraub, ihr saugt weiter  
Bohrt tief, tief ins fleisch  
Ihr labt Euch am Untergang

Evil feeds you  
Lights are dimming  
Sleep well

This is the end  
Das ist das Ende
