Its written all over your face  
You dont have to say a word  
Just smile a smile a smile  
A smile for me  
Its better than any word I ever heard

I know that Im a very lucky guy  
To have someone like you  
I never met a girl in my life like you before  
You make all my dreams come true

I love the way you carry you  
You have a lot of class and good taste  
And you dont have to say how much you care for me  
Because its written all over your face

Dont you know  
Its written all over your face  
You dont have to say a word  
Just smile a smile a smile  
A smile for me  
Its better than any word I ever heard

You dont have to say how much you love me, girl  
Because you show me every day  
You kiss me, you miss me, you hold me very tight  
You love me in every way

I love the way you carry you  
You gotta lotta class and good taste  
And you dont have to say how much you care for me  
Because its written all over, written all over your, your,  
your face, baby

Its written all over your face  
You dont have to say a word  
Just smile a smile a smile  
A smile for me  
Its better than any word I ever heard

To the bridge

Its written on your face  
That you really care  
Its written on your face  
That you really care

Its written all over your face  
You dont have to say a word  
Just smile a smile a smile  
A smile for me  
Its better than any word I ever heard
