Thank you for this bitter knowledge  
Guardian angels who left me stranded  
It was worth it, feeling abandoned  
Makes one hardened but what has happened to love?

You got me writing lyrics on postcards  
Then in the evenings looking at stars  
But the brightest of the planets is Mars  
What has happened to love?

So I will opt for the big white limo  
Vanity fairgrounds and rebel angels  
You can't be trusted with feathers so hollow  
You're Heaven's invention, steel eyed vampires of love

You see over me, I'll never know  
What you've shown to other eyes  
Go or go ahead and surprise me  
Say you've lead the way to a mirage  
Go or go ahead and just try me

Nowheres now here smellin' of junipers  
Fell of the hay bales, I'm over the rainbows  
But of Medusa, kiss me and crucify  
This unholy notion of the mythic power of love

Look in her eyes, look in her eyes  
Forget about the ones that are crying  
Look in her eyes, look in her eyes  
Forget about the ones that are crying

Go or go ahead  
Go or go ahead  
Go or go ahead and surprise me  
Go or go ahead  
Go or go ahead  
Go or go ahead and just try me
