Written by Seth Swirsky  
From "Bid Daddy" soundtrack

I don't want somebody to love me  
Just give me sex whenever I want it  
'Cause all I ask for is instant pleasure  
Instant pleasure, instant pleasure

You in the traffic for all eternity  
How could that speed be where you want to be?  
Said don't you really want instant pleasure  
Instant pleasure, instant pleasure

Think that all these folks get laid?  
Do it cause their pain is great?  
What you thinkin' anyways?

If drinkin' coffee's your idea of really cool  
You can't expect no crazy chick to notice you  
Just sittin there dreamin' instant pleasure  
Instant pleasure, instant pleasure  
Instant pleasure, instant pleasure

If you want someone a friend to be  
Guess you'll have to win the lottery  
But till then repeat after me

I don't want somebody to love me  
Just give me sex whenever I want it  
'Cause all I ask for is instant pleasure  
Instant pleasure, instant pleasure  
Instant pleasure, instant pleasure  
Instant pleasure, instant pleasure

I don't want somebody to love me  
I don't want somebody to love me...
