Pretty things, so what if I like pretty things  
Pretty lies, so what if I like pretty lies  
From where you are  
To where I am now  
I need these pretty things  
Around the planets of my face  
Everything's a sign of my astrology  
From where you are  
To where I am now  
Is it's own galaxy  
Be a star and fall down somewhere next to me  
And make it past your color TV  
This time will pass and with it will me  
And all these pretty things  
Don't say you don't notice them
