Yeah

It's all about the way you're feelin'
Deep in your heart when she let you go
I don't doubt you care, believe that
It tears you apart whatcha didn't know

Someday you'll remember
Why you fell for her, why you said goodbye
Don't let your broken heart keep forever mending
And miss out on love that is never ending, yeah

This could be your final heartbreak
I could show you what good love takes
Never say goodbye, never make you cry
Yeah, this could be your final heartbreak

This could be your final heart
Your final heartbreak

I don't wanna take advantage or maybe I do
And I know it's true
That I can help undo the damage
All of the hurt that she did to you, baby

You need someone you can talk to
Someone who feels the same about everything you do
And I could be the one to make you forget her
I wanna be the one to make you feel better, yeah

This could be your final heartbreak
I could show you what good love takes
Never say goodbye, never make you cry
Yeah, this could be your final heartbreak

I'll let you feel a love so real
I'll let you know
Oh, I gotta let you know

You will forget
She will regret
Letting you go

I will not let you go
This could be

This could be your final heartbreak
I could show you what good love takes
Never say goodbye, never make you cry
Yeah, this could be your final heartbreak

This could be your final heartbreak
I could show you what good love takes
Never say goodbye, never make you cry
Yeah, this could be your final heartbreak

This could be your final heartbreak
I could show you what good love takes
Never say goodbye, never make you cry
Yeah, this could be your final heartbreak
Yeah, this could be your final heartbreak
