Floating, in circles  
Changes, Coming as we die  
Silence, broken by silence  
Further, here goes  
Sitting in my boat, watching the sun, it smiles  
Need to fix the chaos, make a mess  
I need to taste some iron, and get it played  
I like to eat that woman in the purple dress  
Screw things up a bit and get myself...  
It's a waste of time, just go fishing  
A waste of these seconds we've got  
Swimming, sleeping, enjoy a paradise  
In sunset, by an hour, a finger will blow it all away  
Need to fix the chaos, make a mess  
I need to taste some iron and get it made  
I'd like to eat that woman in the purple dress  
Screw things up a bit and get myself (p)layed  
Yeah....
