Respects given where it's fucking due.
And I'll tip my hat for what you have done.
But that doesn't mean I have to give a shit bout your
opinions.
You've never walked a step in my shoes.
I'll stick my foot in my mouth every chance that I get.
I fumble with words, a little self conscience, sometimes
a tad bit awkward.
I try do get my point across, ain't planning on changing
minds.
My life's an open book, what about you?

I'll find out the hard way that I'm not always right

Take the best shots from people who remain nameless.
Not sorry for my intentions and I'll do what I fucking
please
Call me out I don't give a fuck you're not better than me
