I can't forget you and I cannot back  
Night always becomes a pain  
Your last words sound till now  
I close my eyes and begin to realize

Long way into myself  
My singing soul is dying to be free  
I am tired from my pain  
I can't perceive what's going round

I am afraid of nothing,  
I try to forget it all  
I am afraid of myself  
Something changes in my mind I feel  
And begin to realize

Long way into myself  
I know my price, I feel my heart  
Something changed in my mind  
I found my mind, I found here myself
