Fallin' star is pulling me down  
When I'm thinkin' bout the past  
I would give my ears for this calm  
This would be my own at last  
Please make my all nights shine  
Please help me to see in fine  
Please explain the dreams of mine  
All along the line

Please save me  
From my torments ant pangs  
Please save  
'Cause my all future hangs  
By a thread over me

Narrow means is all what I see  
In the land where the sun shines bright  
I got myself in the blind lead  
But I found my second sight

Please save me  
'Cause my soul is on fire  
Please save me  
From the absent desire  
Of the flesh within me
