Look out to the hovering flock of the birds

Over the withering fields

They are dying and breeding again

Can't unleash out of wheel

Mad riot inside the rain it's distress

Sickness of unconstraint

This rain is closing my eyes but it's trace

Leaves me fleshless in space

Black like a dream of crow

So clear like a mountain source

Bitch blizzard will burn up my face

Spreading ashes through infinite worlds

My fingerprints and my sight easy lie

On the surface of time

I can't resist but I can realize

New dimension of mine

I am the slave and the master in one

I'm enthroned and marooned

Dancing slowly inside sphere of glass

Laugh at suffer forget my own roots

(Dancing with my darling buried in dead blossoms)

I'll tear to pieces those birds

For inviting this autumn to me

For trespassing my mansion of clouds

Landing remedy for wound that bleeds
