Make all the houses on one side smaller only shoot me
from the left
It'll make me look bigger but it's just an illusion
But I still look good
Yeah I still look good
Push all the lights to the right side emphasis this crazy
western scene
Is it just my delusion that it's all an illusion?
But I still look good
Yeah I still look good

Lock & load bestow my own
Fixate on every word as
I play the prey your play sniper

Push all the lies to the one side tie them up in all these
funky ties
Push it down down further down
Down
