Douglas
I'm so sorry that you ended up with us
Douglas
At your window all day long
Such a lonely song

Oh Oh Oh
You sing and I'll echo
Oh Oh Oh
You sink and I'll follow
Well here we go

We took you down the west free world
Oh so far away
From the hills of home
At your window all day long
Such a lonely song

Oh Oh Oh
You sing and I'll echo
Oh Ooh Oh
You sink and I'll follow
Well here we go

But it's too late
It's too late
I'll sing along
But I know it won't change our fate

Wooah oooh
You sing and I'll echo
Oh Oh Oh
You sink and I'll follow
Oh Oh Oooh
