And we're bored
We're bored to the bone
Conversation
Some things are best left alone

Why can't I love you in London?
Why can't I love you in London?

And they're talkin'
Just outside my window
It's just a whisper
But it's you I know, I know
Oh no, Oh no

Why can't I love you in London?
Why can't I love you in London?

And when the morning comes
We won't mention a thing
It was only a cheap
Secondhand ring

Why can't I love you in London?
Oh-oh-oh

And we're bored
We're bored to the bone
And you wear it
Like a cheap leather coat

Oh
We're so pretty and we're so bold

Why can't I love you in London?
Why can't I love you in London?
Why can't I love you in London?

Oh-oh-oh (repeat)
