"Sad City"

I saw a film it told me that falling in love is where it's
at...

Who are these people, spreading these lies, their
coming in our houses their ruining our lives...

What else could I do?
It's the same for me,
It's the same for you...

This sad city is much sadder now
This sad city is much sadder now

I found a pound coin I put it in the phone, a pound's
worth of silence coming from your home...

Never give in, never forget
Get yourself some earning
Power in your bed...

What a place to be
It's the same for you,
It's the same for me

This sad city is much sadder now
This sad city is much sadder now
This sad city is much sadder now
