

Dark Throne "Lifeless"

Deprived of will
Myself I shall kill
Three feet in the grave
Deprived
Decaying soul

Lifeless
Lifeless

Portal of fear
In hatred
Barren life
With ornaments of sin
Drained of blood, I'm near
Lifeless

Deprived
Lifeless
Awaiting grimly in the shadows...
In hatred

Eons of numb hopelessness lies ahead
Utter totalitarian fortresses of voidmight
In the water of life the circuits are breaking
Lifeless

Deprived
Lifeless
In hatred
