Bonjour, bonjour, I'm at your front door.  
I'm pushing the button I'm knocking so hard.  
I'm yelling and screaming my throat has gone sore.  
I'm bleeding inside and out while you wait and watch  
your guard.

Drop it. You see me coming again.  
Watch it. When will this all end.  
You Know, You Know.  
You know everything we do.

Knock Knock who's there? Well I don't care.  
I don't care who? I don't think I know you.  
I don't know why but it just seems unfair.  
Hey Hey it always untrue with you.

Move aside turn that door knob to the right  
I'm coming in to ruin your night.

Drop it. You see me coming again.  
Watch it. When will this all end  
You Don't You Don't  
You Don't understand the truth.
