I have,  
Had it up to here with your lies  
You lie,  
Doing while you lie by my side  
I have,  
never been the secret before  
You die,  
If I tell you i don't want anymore.

We have given it all we've got  
But we never gave enough  
We have given it all we've got

I am the lie  
That you talk about at night  
While i hide in my disguise  
Try to make it right

You are,  
Bitter with a little sweet spot  
The spot,  
I touch makes your bitter blood clot  
Cause when,  
I need you you are always there  
And when,  
You need me I'll be there I swear

We have given it all we've got  
But we never gave enough  
We have given it all we've got

I am the lie  
That you talk about at night  
While i hide in my disguise  
Try to make it right  
Try to make it right

I am the lie

You're a drop in a well with a lot of room to grow  
Hasn't rain in years and the water is low  
Because when the storm comes you and I will over flow

I am the lie  
That you talk about at night  
While i hide in my disguise  
Try to make it right

I am the lie
