Your never gonna say that your never gonna come  
back

Never gonna say that your never gonna come back

Never gonna say that your never gonna come

Back again!

You think it's a walk in the park

But you've been wrong

Been wrong from the start

But I know you

Oh but I

But I know you

Today's different

Seeing all the things that you've

Been through

Doing all the things that you'll

Go through

But I know you

Oh but I

But I know you

Your never gonna say that your never gonna come  
back

Even if they tell you so

Your never gonna say that your never gonna go back

Even if you think you know

You may think you know

Who knew

That this would end so soon but

When you can

Do always best for you

But I know you

Oh but I

But I know you

Today's different

Seeing all the things that you've  
Been through  
Doing all the things that you'll  
Go through

But I know you  
Oh but I  
But I know you

Your never gonna say that your never gonna come  
back  
Even if they tell you so  
Your never gonna say that your never gonna go back  
Even if you think you know

Your never gonna say that your never gonna come  
back  
Even if they tell you so  
Your never gonna say that your never gonna go back  
Even if you think you know

Stay where you are  
Stay where you are  
(Stay where you are  
Stay where you are)

Stay where you are  
Stay where you are  
(Stay where you are)

I know its hard  
But you won't go very far

So just stop!

Stop and listen to us  
Cause were trying to tell you something

Your never gonna say that your never gonna come  
back  
Even if they tell you so  
Your never gonna say that your never gonna go back  
Even if you think you know

Your never gonna say that your never gonna come  
back  
Even if they tell you so  
Your never gonna say that your never gonna go back  
Even if you think you know

Your never gonna say that your

Never coming back again
