For thy is the kingdom and the power, and the glory  
Forever

The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules

I'm the epitome of royalty, you versus me, it's a joke  
I'm a rage, amazing blaze, you cigarette smoke  
Your video's number one and that was part of my plan  
Went from Rock Box to a whole countdown jam

Took rock music, switched and flipped and made it raw  
Anyway you've played it, we've played it before in '84  
Every show, a hundred thousand people or more  
Famous still give us tours and we be tryin' not to take  
'em all

I bake 'em all quicker than Sara Lee, come battle me  
Imagine that, what a sight that'll be  
Front page of the times, I can read the headlines now  
Rev Run beat clown down, when tryin' to take his crown

The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules

I'm the reason you started rhyming  
I'm the reason rap sales started climbing  
That's why I'm still headlining  
I'm the King and before I leave your ass gonna learn  
Yeah, y'all each wanna burn, wait your turn

But, I'm a living legend, my suggestion is learn your  
lesson  
I'll leave you stressing, confessing [Incomprehensible]  
begging for a Blessing and whatever your impression it  
better be  
That we the top pedigree bringing y'all energy since  
'83

I run this here since way back when  
I picked up a pair of [Incomprehensible], and make  
y'all wear em' again  
If you thought it, I done did it, heard it, I done spit it  
New cats wanna pay their respect, son I'm with it

But if not, I'm a reclaim the top of the charts  
Doin' shows with dough flows frip 'em apart  
Other than that, I'll just be holding my own  
Crown royalty up on a throne, for real

The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules

The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules

Our father, who art in heaven  
Hollowed be thy name, thy kingdom come  
Thy will be gone forever

The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules

The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules

The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules  
The king's a ruler, the ruler rules
