[D.M.C.]  
I was walkin down Broadway the other day  
In New York it was a bored day with my man Jay  
Lots of lovely ladies like a-lookin our way  
Play like Willie Mays all-star and 'Say Hey'  
Then I seen a girl so beautiful I wanted to know  
I said there's none as cute as you now which way you  
go?  
Into my rap now won't you check out my flow  
Darryl the Mack Attack come check out my show  
Check out my records, I make my message clear  
in this direction, where do we go from here?

[Mad Cobra reggae chorus + chatta]

[Run]  
Now bust it, seen I'm looker cleaner and leaner at the  
arena  
Tina schemin like a schemer so Tina, jump in my  
Beemer  
So we did, so we jump in and jet  
Put it in gear pull up ??, pop a pumpin cassette  
I figured the girlie was ridin my jock, cause the way  
that she rocked  
knew my limit from the minute that she started to clock  
I'm lovin her coverin her rubbin her down til she started  
to frown  
I said yo lady bust it baby, where do I go now? So..  
Check out my records, I make my message clear  
in this direction, where do we go from here?

[Mad Cobra reggae chorus + chatta]

[Run]

Now bust it pen to the hand I am the grand writer  
Wrote a plan for you ma'am and damn, beautiful  
to make you move to my groove is here  
So my dear be of good cheer I make it perfectly clear  
Not number two you're the one when all is said and is  
done  
Serious as the cancer give a answer to Run, so..  
Check out my records, I make my message clear  
in this direction, where do we go from here?

[Mad Cobra reggae chorus]

[D.M.C.]

I kick the lyrics strictly wreckin the head  
Not forgotten what is written, stickin to what is said  
When D is MC'n there's no bein mislead  
Got to have her and like Shabba I am wicked in bed  
(hehehehe)  
The woman made me wonder, she's the one I will wed  
So I turned to the ??, and a dis is what I said  
I said give me your number I'ma give you a call  
Check it out y'all, check it out y'all  
Check out my records, I make my message clear  
in this direction, where do we go from here? [Mad  
Cobra continued]
