Shut up

You talk too much
You talk too much
You talk too much
You talk too much

Hey, you over there, I know about your kind
You're like the Independent Network News on Channel
9
Everywhere that you go, no matter where you are at
I said, "You talk about this, and you talk about that"

When the cat took your tongue
I say you took it right back
Your mouth is so big
One bite would kill a Big Mac

You talk too much
You never shut up
I said, "You talk too much"
Homeboy you never shut up

You talk about people, you don't even know
And you talk about places, you never go
You talk about your girl, from head to toe
I said, "Your mouth's moving fast and your brain's
moving slow"

You talk too much
You never shut up
I said, "You talk too much"
Homeboy you never shut up

You're the instigator, the orator of the town
You're the worst when you converse, just a big mouth
clown
You talk when you're awake, I heard you talk when you
sleep
Has anyone ever told you, that talk is cheap?

You talk too much

You never shut, up
I said, "You talk too much"
Homeboy you never shut up

Talking is the one thing, that you can do best
You told the cavity creeps, to watch out for Crest
You never have the story, right and exact
And then you always try to bore me, with your yakkity yak

You talk too much
And then you never shut up
I said, "You talk too much"
Homeboy you never shut up

Everyday you are out fighting someone in the street
And you're always fighting someone you know ya can't beat
Then you wonder how, you got in this mess
Just think of what you said, then take a guess

You talk too much
You never shut up
I said, "You talk too much"
Homeboy you never shut up

You're always spreading rumors, whether bad or good
You're the damn Walter Cronkite of the neighborhood
The Barbara Walters, and the Howard Cosell
You always come around, with a story to tell

You talk too much
And then you never shut up
I said, "You talk too much"
Homeboy you never shut up

I said it's everybody's business that you love to mind
And talkin' to you, is like dropping a dime
You're spreading the word, like it is your job
You should be a stool pigeon, who works for the mob

You talk too much
Then you never shut up
I said, "You talk too much"
Homeboy you never shut up

A big blabbermouth, that's what you are
If you were a talk show host, you'd be a star
I said your mouth is big, size extra large
And when you open it, it's like my garage

You talk too much
And then you never shut up
I said, "You talk too much"
Homeboy you never shut up

You always like to gossip, just like a girl
You talk so damn much, it's outta this world
When you're reincarnated, in your second life
You won't be a man, you'll be a nagging wife

You talk too much
Then you never shut up
He said, "You talk too much"
Homeboy you never shut up

Shut up
Shut up

Twenty-five hours, eight days a week
Thirteen months outta year, is when you speak
I'm tired of listening to the garbage you talk
Why don't you find a short pier, and take a long walk

You talk too much
Then you never shut up
I said, "You talk too much"
Homeboy you never shut up

You talk too much
You could be, out of breath
You talk too much
Man you naggin' me to death

You talk too much
Tired of hearing you speak
You talk too much
Eight days a week

You talk too much
Then you never shut up
I said, "You talk too much"
Why don't you ever shut up

You talk too much
Then you never shut up
I said, "You talk too much"
Homeboy you never shut up
