Crown the impulse that deliberately  
Fall  
Defeat in spiritless action  
Isolation - burn the greenwood  
Order of the vertical path

Descendent  
Crawl in the remnants of one thousand  
Lies  
Restaging  
Torching a world that was left  
Behind  
Zodijackyl light

Cross the sharpest void  
Deride the embers of his faith  
The bringer that on million horses  
Ride

Waiting for the call within the  
Spark of sin  
Ever reminiscent of the coming  
Of storm  
Can you see the cosmic face in  
Which disorder lies

Burning of opression  
Burning the inventor  
Burning is the killing hand  
Be that of the darkest sin  
To frustrate hope and love

I shall not be blinded  
I shall not be forced

Resistance  
Feasting on debris from celestial  
Wars

Burning in the sky  
Beyond the realm of time  
Sequence of the nucleus

The glowing dust in flight  
Zodiackal light

And they ride, they ride  
The drama takes the lead  
And they ride, they ride  
The beast of heaven their guide

Racing through the vastness  
Constellation disarray  
That darkness could not have existed  
That bares no witness to the light

I shall not be blinded  
I shall not be forced

Sweet endless  
Perpetually pronged through interior  
Vaults  
So seamless  
Joints of time cannot shackle the  
Beast

Zodiackal light.
