Withering away...
The colors fade into one.
The turning of the tides.
To pass from old to new.
Kneeling before the sun,
And seeking forgiveness
No shelter from these piercing rays
That blister my skin.
Scarring the flesh.

Begging for night- for an end.
To the suffering.
Covering the sun

In a darkened embrace
Unable to crawl of from these depths.
I have sank.

Intentions grow weak-
Ambitions begin to fade.
Searching for closure.

Within the reach of another existence.
One day this nightmare will end.
Leaving this life's perils behind.
Withering away.
