What dwells in the ancient spell  
The truth in the darkness beyond  
Signs carved in millennium stone  
Secret spawn of the shadow

Oh, i can feel the power  
Curse of the dark rune

The past speaks thru the signs  
Whispering from the forgotten  
The triumphant flame will rise  
As the weak now die

Oh, i can feel the power  
Curse of the dark rune

Curse == let the wrath free  
Curse == the curse of the dark rune

Curse == let the wrath free  
Curse == the curse of the dark rune
