Rudolfsson

Chaos and war
Reigns over the raped world
Battles of death
The final war has begun

Demonic hordes
Slay the angels of light
Weak whores
Die by the hammer of death

Resurrection of the dark lord
He comes through the gate of blood

Nocturnal force
Supreme force of death

Resurrection in blood
Ooh, resurrection

The dark lord
The supreme force
The victory
Is dark and it's ours

He comes through the gate of blood

Nocturnal force
Supreme force of death
Resurrection in blood
Ooh, resurrection

Dark landscapes of perversions
Death and torment
