She's at home, all alone
I wanna call her on the phone
Whacha doing right now?
Outta luck, pick me up somewhere in Sana Monica, so
sick of this town
Can't get out, get out
Let's roll out, no stressin'
Go grab your Dolce dress
It's so simple it's crazy
The way I'm feeling lately
Take my angel out to Vegas
Gonna leave LA, so over Hollywood
She drives me crazy, feels so outrageous
Can't get enough
Tonight's the night that she turns 21
Let's pretend this won't end
Another drink, so many friends
Feelin' so good, yeah were all right
We've been up, we've been down
We let the world spin us 'round
Take my hand lets go all night
Cuz when I'm by your side I start to get this feelin'
Everything will be cool, and I keep on believin'
Baby, the stars I'm seeing
Take my angel out to Vegas
Gonna leave LA, so over Hollywood
She drives me crazy, feels so outrageous
Can't get enough
Tonight's the night that she turns 21
I wanna take you out to Vegas
Maybe we'll get married, maybe we'll get rich
She drives me crazy, feels so outrageous
Can't get enough
Tonight's the night that she turns 21
Take my angel out to Vegas
Gonna leave LA, so over Hollywood
She drives me crazy, feels so outrageous
Can't get enough
Tonight's the night that she turns 21.
Tonight's the night that she turns 21.
