Strong and proud the cruise, black banner at the top  
The spoodrift hits the bow, they round the reefs and  
rocks  
The voice of freedom whispers in the rushing wind  
They roam the raging sea on their gliding wings  
They fight the black to save the truth  
They fight the scorning lie  
Oppressions wall they will destroy  
They'll fight it till they die  
Lions of the sea  
They ride the wind eternally  
They fight to be free  
Roaming the seven seas of fate  
They save their souls from black, from it's evil void  
Facing the challenge it's coldness to destroy  
They deny the temporal power, they deny their evil lies  
They're strain at the leash until the evil dies  
They fight the black to save the truth  
They fight the scorning lie  
Oppressions wall they will destroy  
They'll fight it till they die  
Lions of the sea  
They ride the wind eternally  
They fight to be free  
Roaming the seven seas of fate  
They brave the sea eternally, they tame the raging  
waves  
Freedom is their destiny, the sea will be their grave  
Strong and proud the cruise, black banner at the top  
The spoodrift hits the bow, they round the reefs and  
rocks  
The voice of freedom whispers in the rushing wind  
They roam the raging sea on their gliding wings  
They fight the black to save the truth  
They fight the scorning lie  
Oppressions wall they will destroy  
They'll fight it till they die  
Lions of the sea  
They ride the wind eternally  
They fight to be free  
Roaming the seven seas of fate

Lions of the sea  
They ride the wind eternally  
They fight to be free  
Roaming the seven seas of fate
