Fighting on the TV, the trench war is on  
The host is getting greedy, the viewers having fun  
Kain is slaying Abel with words below the belt  
Insult lives in the fable no truth would ever help

Hysteria is on  
One day hero  
Stripped down to the bone  
Reduced to zero

Soulstrippers, triumph on high  
Soulstrippers, truth and a lie  
Soulstrippers, being a star  
Soulstrippers, feathered and tarred

Fasten your seabelt for a heavy 'tour de force'  
Where respect is never spelled, audacity sets the  
course
