"Free to be"

Visit "[Free to be](#)" on MotoLyrics.com

there comes a time in every life
when you gotta live your life with all your might
it ain't about somebody's rules
everybody was born with the right to choose

break the shackles of hate
say goodbye to the pain
hey baby, we're on our way
ain't no stopping us now
ain't no stopping us now

free to be who you want
free to love who you need
everybody, you got the right to be free
so come on let your lovin' shine, shine
come on and let your lovin' shine, yeah yeah

time to stand up for your rights
the light of love will guide through the darkest night
you paid the price, you've paid your dues
so, go head on girl and spread the news

take your place in the sun
cause the war must be won
hey baby we're on our way
all God's children are free
all God's children are free (everybody sang!)

you got the right
you got that right
?
