If I had a dime every time they said (Girl), I think I'd  
have a million  
But it wasn't mine it belonged to them, a negative  
opinion

On my own, I had to learn it (learn it, learn it) On the  
radio oh, oh oh  
Heard a voice, yes I heard it (heard it, heard it) On the  
radio oh, oh oh

(It said) It's your responsi-trannity,  
don't forget don't forget (get who you are)  
Yes, it's true, true for all of you, we are all stars (we are  
all stars)

Internet, Video, Television, Stereo  
What you are is what you know  
Heard it on the radio

When I close my eyes, voices in my head, sound more  
appealing  
Constantly remind me of what he said, he said "don't  
stop believing"

In the middle of the night, in the middle of a dream,  
I woke up to the radio  
And the message was loud, and the message was  
clear  
Don't be a victim of what you don't know

Cause if the truth means something, it's all or nothing  
Tell me what i need to know

everything you are, on the radio  
everything you know, on the radio
