Know your place in life is where you want to be  
Don't let them tell you that you owe it all to me  
Keep on looking forward; no use in looking 'round  
Hold your head above the ground and they won't bring  
you down

Anthem of the heart and anthem of the mind  
A funeral dirge for eyes gone blind  
We marvel after those who sought  
New wonders in the world, wonders in the world,  
Wonders in the world they wrought.

Live for yourself -- there's no one else  
More worth living for  
Begging hands and bleeding hearts will  
Only cry out for more

Well, I know they've always told you  
Selfishness was wrong  
Yet it was for me, not you, I  
Came to write this song
