Sunlight dances through the leaves  
Soft winds stir the sighing trees  
Lying in the warm grass  
Feel the sun upon your face

Eleven songs and endless nights  
Sweet wine and soft relaxing lights  
Time will never touch you  
Here in this enchanted place

I've traveled now for many miles  
It feels so good to see the smiles of  
Friends who never left your mind  
When you were far away

From the golden light of coming dawn  
Till the twilight when the sun is gone  
We treasure every season  
And every passing day

You feel there's something calling you, you're wanting  
to return  
To where the misty mountains rise and friendly fires  
burn

A place you can escape the world where the dark Lord  
cannot go  
Peace of mind and sanctuary by loud water's flow

We feel the coming of a new day  
Darkness gives way to light a new way  
Stop here for a while until the world  
The world calls you away

Yet you know I've had the feeling  
Standing with my senses reeling  
This is the place to grow old 'til  
I reach my final day

You feel there's something calling you, you're wanting  
to return  
To where the misty mountains rise and friendly fires

burn

A place you can escape the world where the dark lord  
cannot go

Peace of mind and sanctuary by loud water's flow
