Sweet memories  
flashing very quickly by  
remind of me  
and giving me a reason why  
I know that  
my goal is more than a thought  
I'll be there  
when I teach  
what I've been taught  
and I've been taught

You know we told you before  
but you didn't hear us then  
so you still question why  
no, you didn't listen again

Sweet memories  
I never thought it would be like this  
remind of me  
oh just how close I came to missing  
I know that  
this is the way for me to go  
you'll be there  
when you know  
what I know  
and I know

You know we told you before  
but you didn't hear us then  
so you still question why  
no, you didn't listen again
