### "Tide Pools"

When the ebbing tide retreats  
Along the rocky shoreline,  
It leaves a trail of tidal pools  
In a short-lived galaxy.  
Each microcosmic planet  
A complete society.

A simple kind mirror  
To reflect upon our own.  
All the busy little creatures  
Chasing out their destinies.  
Living in their pools,  
They soon forget about the sea...

Wheels within wheels in a spiral array,  
A pattern so grand and complex,  
Time after time we lose sight of the way,  
Our causes can't see their effects.
