If I fall in love, I'll shake it off again.
If I can't get up, I'll lie around till my meds settle in
I can't live like this you say, well watch me I'll be fine.
If I cross this line will I return again?
Will these pills I take ever condemn the mess I'm in?
'Cause I never wanna remember what was said.
When you turned your back abandoing this sinking ship
Breathe in, one last time then
Go on, don't leave me where I lie.

Stand up, shake down don't turn around.
(I'm not turning around)
I can't believe I let you see me from the inside.
Pretend it's great to bad it's too late
You're my biggest mistake.
I'm like a riddle now unfolding from the inside.
Stand up, shake down don't turn around.
(I'm not turning around)
I can't believe I let you see me from the inside.
Pretend it's great to bad it's too late
You're my biggest mistake.
I'm like a riddle now unfolding from the inside.

Don't let me drag you down.
I've finally hit the ground.
Don't let me drag you down.
No.

Stand up, shake down don't turn around.
(I'm not turning around)
I can't believe I let you see me from the inside.
Pretend it's great to bad it's too late
You're my biggest mistake.
I'm like a riddle now, unfolding from the inside.
