Let's go!  
Every now and then I see,  
A little change inside of me.  
It's like the world has let me go,  
And now you're only in my dreams.  
And it's killing me.

Sometimes I wish I still had the chance to scream,  
You're such a bitch for everything that you've done to  
me.  
It's almost gone,  
And no, I won't pick up my phone.  
Here's one more song,  
Here's one more song,  
If you're too good then let me know.

I brought your picture out tonight.  
I should have burned it with my pride.  
I bet you think your new boyfriend,  
Is really a swell guy.  
Well he's a prick a fucking asshole,  
I won't lie.  
Why can't you see he,

I guess I'll never get a chance to be,  
Your one and only, but if only you'd look at me,  
It's almost gone,  
And no, I won't pick up my phone.  
Here's one more song,  
If you're too good then let me know.

Well maybe I'm just a little jaded,  
With all the promises you've made to me.  
Why can't I see there is no chance for us in the future?  
It's killing me to see you smile.  
So I'll just say goodnight.

Sometimes I wish I still had a chance to scream,  
You're such a bitch for all that shit that you've done to  
me.  
It's almost gone,

And no, I won't pick up my phone.  
Here's one more song,

If you're too good then let me know.  
It's almost, it's almost, it's almost,  
Gone so let me know  
It's almost, it's almost,  
We're too far gone let me know.
