Hey,  
I really must admit,  
I'm having a good time,  
With you.  
All these people here,  
I haven't seen since higschool,  
There's a girl I dated,  
But tonight we're cool.

And when I get sober,  
We'll toss when back and start all over  
We can still be friends.  
Then just when it hits me,  
We'll raise our glasses high,  
And know that we can,  
Still be friends.

I'm having trouble,  
Accepting the life we used to live,  
Will never be the same,  
They'll never be the same.  
Heres cheers for you now,  
And I'll see you around when you get home.

And when I get sober,  
We'll toss when back and start all over  
We can still be friends.  
Then just when it hits me,  
We'll raise our glasses high,  
And know that we can,  
And we can still be friends.

We never saw it coming,  
All the days gone by  
It's been time well spent,  
But now we say goodnight,  
To all of this.  
The summers getting colder and,  
Were getting older and,  
I don't think that I can live,  
With all of this.

When you coming back, kid  
I hope you find it,  
Whatever you were looking for I hope it's yours.  
When you coming back, kid  
I hope you find it,  
Whatever you were looking for I hope is yours.
