Two eyes in darkness like two burning fires  
Still cold as a wintery lake  
The moon is hidden behind dark clouds  
Fluttering wings...the silence breaks  
I was walking on the edge of the forest  
When the eyes began to approach  
A while I just stood there watching  
The eyes coming close  
The owl she came onto my arm  
Her eyes starring deep into me  
Soon a shroud covered my eyes  
I could hear but I couldn't see  
"The time is close, o men of Karelia  
Men of pride, the time is near  
Soon thou will see a new god coming  
When snow falls he will be here  
Centuries to come will see his dominion  
His dominion that makes thee slaves  
Have not fear, it won't last forever  
The new dawn will hail thy father' gods again"  
At the very moment the last word was gone  
Returned my sight  
I saw no owl only heard a silent flutter  
From Tapio's realm, from the fading night  
As I walked away I thought:  
"It can't be true that a northern man  
Would lose his honour and be a slave  
Of a god from an unknown land....."
