Strengthened bravemen hearts  
Ride with the pale moon  
Reach for the source of wisdom  
In the glare of the guiding star  
Visions of a pure land  
As fires haunt  
The chains are unbound  
The visions shall be true  
A throne is risen  
For the bravehearted northmen  
Sprung out of the source of wisdom  
With pure pagan blood  
Ages of the elders return  
Fallen upon the traitor's hand  
The curs shall be slain  
Stain by the Hammer of pride  
(Music: Pasi  
Words: Vanargandr)
