You were the one, you were the one  
You were the one, you were the one

You were the one who seemed to come to save me  
You were the one who seemed to give me hope  
You were the one who came for good to stay with me  
You were the one, the one who said

We'd never stop, never stop the journey  
We'd cherish every day, you almost made me say  
You were the one for real, you were the one for me

That's it, no way that you can hurt me  
No way that you can make me cry  
I'll be around, but you can't touch me  
Cause I'll be dancing in the sky

No way that you can feel me  
No way that you can reach so high  
The stars will shine, and you won't touch me  
As I'll be dancing in the sky  
I'll be dancing in the sky

You were the one who came back and betrayed me  
You were the one who played with no respect  
You were the one who acted like you cared for me  
You were the one who said

We never had, never had no journey  
You stole my every day, you almost made me say  
That love is not for real, that love is not for me

That's it, no way that you can hurt me  
No way that you can make me cry  
I'll be around, but you can't touch me  
Cause I'll be dancing in the sky

No way that you can feel me  
No way that you can reach so high  
The stars will shine, and you won't touch me  
As I'll be dancing in the sky

You were the one

That's it, no way that you can hurt me  
No way that you can make me cry  
I'll be around, but you can't touch me  
Cause I'll be dancing in the sky

No way that you can feel me  
No way that you can reach so high  
The stars will shine, and you won't touch me  
As I'll be dancing in the sky
