(Ruslana, this is a Missy Elliott exclusive - wild energy)

I am wherever you need me
I am that girl they wanna be
I am that dream you wanna see
But I'm gonna play it in my own special way

Sometimes I'm just like everyone
I can be pain, I can be fun
I guess this time this is your day
And you won't regret it, if you really wanna stay
But I'm gonna play it in my own special way
La la la la la la la la la la!

Missy:

Ego Works, baby
Ego Works on the hot track
Ruslana down with Missy can y'all deal with that?
We gonna rock the song twice, can you play it back?
Now are you ready for another hit - then bring it back

Are you ready to see it all?
It's too late to think 'cause now is the time for the show

For tonight I am the one who's gonna rule the game
For tonight I am the one who tells you what you're doing
And tonight I'll make you playing say my name
Cause tonight I am the one, who tells you what you're doing
La la la la la la la la la ley
La la la la la la la la la la

And you will love it, cause I'm hot
But listen, it can break your heart
You gotta know before you start
Cause I'm gonna play it in my own special way
La la la la la la la la la la
