Slid sl'ozi nam vostannye
Podaruye kokhannya
Na ochakh, na snihakh
Hori vkriti movchannya

Doshch sl'ozu vitrom zmiye
Sertse vtraty' nadiyu
Bil'sh ne zihriye, ne naviye
Na zakhodi marevom zitliye

(Ne zihriye, ne naviye)

Sertse vtraty' trivohu (sertse)
Sontse vkazhe dorohu (sontse)
Na vidstan' neba, vidpusty mene
I sliv nam ne treba, vse mene

Yak zminiti maybutnye?
Zberehty nezabutnye?
Nam vtratiti lehko u marevi tiney
Zdobuty kokhannyam blysk ochey

Stane osin' vesnoyu
Zmiye tini vodoyu
Ale vsyudy zi mnoyu
Vichna syla lyubovi
Enerhiya li
