The cold wind is blowing and the streets are getting dark
I'm writting you a letter and I don't know where to start
The bells will be ringing Saint John the Diving
I get a little lonely everyday around this time

The music plays all night in Little Italy
The lights will be going up on old Rockafella's tree
People window shoppin' on 5th avenue
All I want for Christmas is you

Chorus:
(tell me) I've got to know
Nobody ought to be alone on Christmas
(where do lonely hearts go)
Nobody ought to be alone on Christmas
(Oh) Nobody ought to be alone on Christmas

Things are different since you've been here last
Childhood dreaming is a thing of the past
Maybe you can bring us some hope this eyar
Visions of sugar plums have disappeared

Do you remember sleigh ridin' in the snow

And dancin' all night to 'Baby, Please Come Home'
Todays celebration is bittersweet
There's mothers and children in the street

Chorus:
(tell me) I've got to know
Nobody ought to be alone on Christmas
(where do lonely hearts go)
Nobody ought to be alone on Christmas
(Oh) Nobody ought to be alone on Christmas

I'm all grown up but I'm the same you'll see
I'm writting you this letter 'cause I still believe
Dear Santa, I've been good this year
Can't you stay alittle while, with me right here?

Chorus:

(tell me) I've got to know
Nobody ought to be alone on Christmas
(where do lonely hearts go)
Nobody ought to be alone on Christmas
(Oh) Nobody ought to be alone on Christmas

Nobody ought to be alone on Christmas
