(Antonio Galbiati/Jeffrey Franzel/Cheope)

Svegliarsi e poi trovare inoi  
Una canzone mai sola  
Quell'armonia piÃ¹ forte sai  
In ogni istante che c'Ã“

Sentire che c'Ã“ un'energia  
In ogni nostra parola  
Che intorno a noi risuona  
Ormai oltre il silenzio perchÃ“

C'Ã“ sempre musica  
Da quando vivi dentro me  
Ogni giorno in piÃ¹ ora che ci sei tu  
Diversa e unica da vivere  
Senza paure o dubbi ormai  
C'Ã“ sempre musica

E cresce in noi come un fruscio  
Battito d'ali nell'aria  
Un vento che ci porta via  
Come un'orchestra perchÃ“

C'Ã“ sempre musica  
C'Ã“ sempre amore dentro me  
E non finirÃ se non vuoi forse mai  
Diversa e unica da vivere  
Senza paure o dubbi ormai  
C'Ã“ sempre musica

C'Ã“ sempre musica

English Translation:  
There's Always Music  
(Antonio Galbiati/Jeffrey Franzel/Cheope)

To wake and discover a melody  
In our hearts, though not alone,  
A harmony that swells in tone  
With each moment passing by.

To feel that every spoken phrase  
Throbs with a power that sings  
Through the air, making the silence ring  
Like a bell around us, because

There's always music now  
You're living in my heart;  
As each day goes by, now there's you,  
Life is so different, and I can start  
Living free from all my fears and doubt.  
There's always music now.

And it builds like a rustling of leaves,  
Like the beat of wings through the air  
A wind carrying us off somewhere  
Like an orchestra within us, because

There's always music now  
There's always love in my heart  
Which may never end if you want it to last;  
Life is so different, and I can start  
Living free from all my fears and doubt  
There's always music now

There's always music now  
You're living in my heart;  
As each day goes by, now there is you,  
Life will be so different, now I can start  
Living free from all my fears and doubt  
There's always music now  
There's always music now
