(Cochran/Crowe)

Red hair deep blue eyes
My baby gets me so good
She got the franchise

Take me away
She takes me up
Feed my needs
Keeps me sharp
Keeps me pumped

I'm splitting out my skin
She's got me in a mess
So deeply imbedded
In somebody else's princess
Oh good Lord

Out in the garden
Under the stars
I'm dreaming of her laughing
And driving a fast car
Crazy, crazy
Shiver and shake
Baby's got me cracking
Like I'm in an earthquake

Love unrequited
Love unrequited
Jamming up my system
I'm melting with desire
Take me away
She takes me up
Feeds my needs
Keeps me sharp
Keeps me pumped
