Catch point number 51

Iâ€™m reaching out to find the sun
I donâ€™t know where it is but Iâ€™ll go
Away from here Iâ€™m gonna pass
A town Thatâ€™ll be without this ass
Till I wont see you so long

Iâ€™m even leaven Hellyâ€™s grave
She sang to me on summerâ€™s day
We lay in pupaâ€™s wheat to make our love
But left on no apologies
The child that died and so did she
Until I see you, so long.

O Helly let me stay with you
O Helly let me lay with you
As I canâ€™t find nothing else to do
Oh I love you

6 months and even seven days
She left me not but still remains
Within these wall sheâ€™s real me now
I live by day and die by night
Some night I need you by
Until I see you, so long.

O Helly let me stay with you
O Helly let me lay with you
As I canâ€™t find nothing else to do
O Helly let me stay with you
O Helly let me lay with you
As I canâ€™t find nothing else to do
Oh I love you
