"Timing Is Crucial"

I'm falling
I'm falling on my bed
That I got ready in my head
And how many times been to places
And places came to me
Now by the corner of my eye
I'm checking the mirrors upside down

And I thought
That timing is crucial
In the next step
Timing is crucial

Don't believe the lies I said
I was just forcing myself
'Cause timing was crucial
In the next step

Now by the corner of my eye
I'm checking the mirrors upside
But they don't seem to give reflections
Of what there is behind

The timing is crucial
In the next step
And timing is crucial

Don't believe the lies I said
I was just forcing myself
'Cause timing was crucial
In the next step

Don't forget the lies I said
I was just trying to help ourselves
'Cause timing had been crucial
From the very first step
